ACADIAN HEALTH PEDIATRIC CARE SERVICES

Compassionate clinical care for our youngest patients

Acadian Health's mobile community healthcare team offers quality at-home healthcare services for clinical and pediatric care partners looking to drive down medical care costs while ensuring that patients receive the proper treatment at the best location.

Partnering with Acadian Health allows your pediatric patients to be seen, diagnosed, and treated all in the comfort of their home vastly improving patient satisfaction. We continually seek innovative ways to deliver patient care and improve clinical outcomes.

Acadian Health's specially trained clinical team members can provide at-home urgent treatment for a wide array of non-life-threatening medical conditions in children 3 months and older.

Acadian Health offers at-home patient and parent education on care plans and managing exacerbations, leading to better overall compliance with treatment plans. Education materials will be developed collaboratively with your clinical team to ensure we are providing the information you want your patients to receive.

OUR PROVIDERS

Acadian Health in-home providers are EMTs, paramedics and LPNs/LVNs. Our telehealth providers are advanced practice providers, physicians, nurse practitioners, and physician assistants.

COMMITMENT TO COMPASSION

Acadian Health's providers are highly skilled and qualified to care for pediatric patients, including those with medical complexities – from chronic, behavioral and social needs to frequent hospitalizations, and necessary medications and equipment. Not only does our team have the clinical skills, they also have the compassion that makes all the difference in someone's care.

HOURS OF OPERATION

8 a.m. – 10 p.m. 7 days a week
